

Svrdlo EXTREME DEWALT®2 SDS-Plus

Svrdlo s vrhunskim učinkom prilikom stalnog rada u najtvrdem (i armiranom) betonu, zidu, prirodnom i umjetnom kamenu. Nova glava svrdla - povećana brzina bušenja i vijek trajanja zbog agresivne konstrukcije glave s plosnatom izvedbom reznog ruba koja smanjuje habanje. Precizno bušenje sa centriranim vrhom. Robustna i ojačana jezgra za maksimalni prijenos udarne energije i statičku čvrstoću. Učinkoviti, voluminozni spiralni oblik (4-struka spirala) za brzi transport prašine od bušenja pri najmanjem trenju.
